

# RUFUS MINI READER

**The ultimate tool to manage your RFID tags**

Looking for precision and efficiency in RFID tag handling?  
The RUFUS MINI READER is your ideal solution.

A desktop reader-encoder designed to ensure your tags  
are ready for any sporting challenge.

**What can it do for you?**

**Read RFID tags:**

Instantly verify whether your tags are properly encoded,  
re-encoded, and fully operational.

**Unlimited re-encoding:**

Re-encode tags programmed by RUFUS without the need for additional credits.

**Encode blank tags:**

Compatible with RUFUS tags or third-party tags (credits required).
